WORK EXPERIENCE:

Technical Director

CYGEC IT SOLUTIONS

September 2018 – present

Under this role, I serve as the technical point of contact for the team, represents the company's interests, directs the team as they work on the project, and facilitates technology transfer during the project. And also recruits other key subject-matter experts from within the company to further guide the team on specific key aspects of the project.

Responsibilities and achievement included

- Managing or Directing projects, as well as ensuring technical excellence.
- Updating and maintaining the Standard Documents.
- Liaising with colleagues to lead; advise and contribute on civil and structural design.
- Contributing to Business Development and leading the preparation of bids and tenders.
- Marketing and procurement of project assignments.
- Coaching staff on their technical development.

Database Administrator

Liberia Information Technology Students Union (LITSU)

June 2017 – 2018

Under this role, I took the lead on managing LISTU database. I created the database for LITSU and other non-profit organization, I created all of the reports for all chapter within LITSU while managing all of LITSU data.

Responsibilities and achievement included

- Installation, configuration, upgrade, and migration.
- Develop, manage and test backup and recovery plans.
- Database security.
- Storage and capacity planning.
- Monitoring the database server on a regular basis to identify bottlenecks parts of the system that are slowing down processing and remedy them.
- Control access permission and privileges.
- Back-end organization of data and front-end accessibility for end-users.
- Conduct a training for the organization members on how to use the developed system.

ACHIEVEMENTS:

- Certificate of Completion Google Analytics 4 (GA4) Essential Training, LinkedIn Learning, Apr 24, 2021
- Certificate of Completion Agile Foundations, LinkedIn Learning, Feb 21, 2021
